# UpLevel Ops Introduces Groundbreaking Generative AI Management Services to Empower Legal Professionals

FOR IMMEDIATE RELEASE

**Redwood City, California – JULY 2023** – [UpLevel Ops](#), a boutique legal operations consulting firm, is proud to announce the launch of its groundbreaking [Generative Artificial Intelligence Management Services](#). Leveraging their extensive experience as early adopters of Generative AI in the legal industry, UpLevel Ops aims to equip legal professionals with the knowledge and expertise to gain a strategic advantage in today's competitive landscape.

Generative AI, with its transformative power, has become increasingly crucial for businesses across various sectors. The legal industry is no exception, where firms that embrace this technology gain a distinct edge over their competitors. Recognizing the potential apprehension among legal professionals, UpLevel Ops firmly believes in the importance of embracing Generative AI to ensure long-term success.

Stephanie Corey, CEO and Co-Founder at UpLevel Ops, emphasized the company's commitment to empowering legal professionals in harnessing the power of Generative AI. "At UpLevel Ops, our mission revolves around unlocking the full potential of Generative AI for our clients," she stated. "Through our Generative AI Management Services, we offer a secure and efficient approach to seamlessly integrate this transformative technology into legal operations. By collaborating closely with our clients' Legal Department leadership, subject matter experts, and IT teams, we deliver tailored solutions that drive exceptional, Next Level results."

"UpLevel's approach showcases our unique understanding of the tech landscape, providing legal professionals with access to and education about of this cutting-edge technology," said UpLevel Legal Tech Analyst and AI Consultant Brandi Pack. "It's inspiring to provide a service that not only embraces AI's game-changing power but also equips clients with the tools to maximize its impact within their legal tech ecosystem."

UpLevel Ops' [Generative AI Management Services](#) encompass a comprehensive suite of offerings, including:

- Development of policies and procedures to ensure the safe and effective use of Generative AI
- Educational sessions on Generative AI's impact on the legal field
- Sharing potential use cases and vendor lists
- Identification of opportunities to address specific pain points through Generative AI
- Provision of a starter prompt engineering library and end-user training
